

Predator Nexus 332

Predator Nexus Height Adjustable Desk

The Predator Nexus 332 electric gaming desk serves as your ultimate gaming hub, offering customizable ergonomic settings, smooth control, added safety features, and effortless practicality.

TAILORED FOR YOU

This single-motor electric gaming desk enables users to save three different height positions, providing customizable ergonomic settings with heights ranging from 720 to 1220 mm. Additionally, the desk accommodates widths of 1500 mm, offering ample space for comfortable use.

STURDY & SAFE

The Predator Nexus 332 gaming desk, crafted from iron alloy and wood board, supports weights up to 80 kilograms for sturdy durability. Its height adjusts smoothly at a speed of 25 mm per second, maintaining quiet operation below 50 dB. Equipped with collision stop technology, it ensures safety and prevents damage.
